The amendment that I'm offering is not going to have any impact on anybody's liquor license if those who supported Senator Moore's amendment are telling the truth. If you who supported Senator Moore's amendment to allow these machines in every facility that has a liquor license, which would include restaurants, bowling alleys, other places where youngsters can go, if you're telling the truth about the supervision of these machines, my amendment will never result in the loss of anybody's liquor license for any period of time.
